

Fly CASA Approved with AUSA

☎ 1300 886 532 ✉ info@ausacademy.org

The Australian Unmanned Systems Academy (AUSA) is a global leader in qualifying individuals and organisations in the commercial operations of Remotely Piloted Aircraft Systems (RPAS). Our CASA approved and Academy programs, include:

- Full Basic RPAS Pilot Certificate courses (Fixed Wing and Multi-Rotor) with radio (AROC)
- Unlimited Pilot Type Training (Fixed Wing) & (Multi-Rotor)
- Remote Crew Resource Management (R-CRM) & RPAS Observer Courses
- Build & Fly Manufacture's Courses (Designed for Pilots & Maintenance Controllers)
- Advise on the development of operations manuals & U-AOC submissions

We have graduated over 250+ RPAS Pilots from five (5) different Nations & count ASX200 companies & Local, State and Federal Agencies as customers. Only invest in trusted programs.
